Green Building – NewenHouse (formerly known as Casa Kit Homes) Intern Position Available

Madison Environmental Group, Inc. is an interdisciplinary, team oriented research and consulting firm. We help clients and communities to create economic advantage and reduce environmental impact through sustainable building and operations.

Job Description

We continually seek a Green Building/NewenHouse Internship to support us in the development of **NewenHouses -- Super Insulated, Sustainable, Small Kit Homes**. This is an excellent opportunity for an individual who is interested in learning more about Green Building for the residential market and or for someone who wants to practice their rendering or Revit skills.

The position requires the Intern to be fast-working, professional, and attentive to details. We are passionate about providing an educational experience to the right person, while encouraging interns' ideas that might add value to our projects.

Possible Duties Include:

- Research green building materials
- Research systems such as grey water systems
- Render NewenHouse plans
- Enter NewenHouse plans into Revit
- Create landscape plan and plant list for NewenHouses
- Design auxiliary amenities such as a 500 gallon tank rain barrel, a raised bed garden, and/or a carport
- Assist in LEED for Homes documentation

Desired Qualifications:

- Current undergraduate or graduate student in environmental studies, engineering, architecture, landscape architecture, interior design, construction management or business
- Strong interest in green building and simple living
- Effective written and oral communication, organizational, and interpersonal skills
- The ability see a project through to completion
- Strong research, analytical, and writing skills
- Enjoy working independently with some degree of flexibility
- Passion for the environment

Logistics

- This is an unpaid internship. We may offer up to a \$500 stipend if goals are met and depending on how many interns we have working at a time. If you're eligible for supplemental grant funding or receiving course credit for this work we would be happy to assist.
- The internship requires 8-12 hrs/week in Madison Environmental Group, Inc.'s office on the Capitol Square.
- We prefer internships for at least two semesters, but may consider summer, fall and/or spring internships.

To Apply

To apply, email a resume and cover letter to Sonya Newenhouse sonya@madisonenvironmental.com, President of Madison Environmental Group, Inc. and lead for the NewenHouses. Please send the cover letter and resume as an attachment. In your cover letter, highlight aspects of your experience and interests that are relevant for this position.
