

Nicole M. Craig
Madison Environmental Group, Inc.

25 North Pinckney, Suite 310
Madison, WI 53703

Education

- M.S. University of Wisconsin-Madison. Nelson Institute for Environmental Studies. Conservation Biology and Sustainable Development. August 2006.
- B.A. Ball State University. Chemistry, Biochemistry, French. Magna cum laude. May 2004.

Professional Experience

- 2007- **Madison Environmental Group, Inc.** Madison, Wisconsin
EnAct and Recycling Project Manager. Assists with EnAct, a community environmental program, and acts as project manager for construction and deconstruction waste recycling projects. EnAct duties include: organizing, leading, and motivating EnAct teams through leading kick-off meetings, providing assistance and resources, and calculating survey results. Recycling project tasks include: creating informational and communication materials for construction recycling, quantifying recycling progress, and developing reuse, recycling, and construction waste recycling management plans.
- 2004-2007 **Chemistry and Soil Science Departments, University of Wisconsin.** Madison, Wisconsin
Teaching, Project, and Research Assistant. Led discussion groups and laboratories for two introductory-level Chemistry sections. Produced and administered the content of the online course Soils and Environmental Quality. Developed research project investigating biotic and social aspects of rain gardens in Dane County, Wisconsin, and communicated research findings through professional presentations, with several publications in preparation.
- 2001-2004 **Chemistry Department, Ball State University.** Muncie, Indiana
Honors College Research Fellow. Performed site-directed mutagenesis of the gene *vma4*, a yeast vacuolar ATPase V_1 component, presented research findings at professional conferences and co-authored several scientific articles.
- 2003 **Chemistry Department, Ball State University.** Muncie, Indiana
Teaching Assistant. Responsible for laboratory instruction and assistance and grading weekly laboratory reports for an upper-level Biochemistry course.
